People Flocking to the City from All Quarters of the Mississippi Valley-Distinguished Arrivals-Let the Band Now Play. .

Never before on any occasion, of all the brilliant events that have transpired in this city, and under the auspices of gentlemen and ladies of the highest public spirit men and ladies, have there been such and refined tastes, have there been such and refined tastes, have there been such extensive preparations as have been going on for the past few days, and which, by noon today, will be completed on the grandest scale in every particular. No amount of praise can exceed in congratulation to the several committees who have had the preparations in charge. Laving aside all other business, they have devoted not to be overlooked, and which has guaranteed the magnificence of display which will greet the President on every hand, is the unstinted generosity with which our citizens have come forward with the necessary funds so needful on such occasions. All the money desired was freely given, and as one man the citizens went to work to make if the crowning demonstration in its history. It will be safe to say, and not venturesome to predict, that the President himself will ac cord to Memphis the honor of tendering to him the grandest reception he has enjoyed during his entire absence from Washing ton. The largest crowd of people ever seen in the city will be here today and tomorrow. The States of Arkansas, Mississippi and Tennessee have emptied them-selves into Memphis. She welcomes them with all her heart, and rejoices that they have responded to her invitation in assisting to welcome the President of the whole country and his lovely wife. Hun-dreds of people came in on the late trains yesterday evening. The hotels are pretty well crowded, but are exerting themselves to the utmost capacity to entertain the greatest number possible. Every busi-ness house on Main street and along the line of march is literally covered with flags and bunting. The show windows along Main street will be filled with rare flowers and tropical plants. The scene will be novel, indeed, to the President and his party, and wonderfully attractive to all

who will arrive in the city this afternoon from Nashville, to the Democratic executive committee of Shelby county the State Democratic banner for the largest majority at the last congressional election. This ceremony will take place from the court-house balcony at 10 o'clock. The chairman of the executive committee will then in turn present the banner to the Jacksonian club, who wil be assembled in a body to receive it, and they will then march to the Gayoso hotel, led by the Evansville band, to screnade the President. Mr. Edmonson, president of the club, will deliver a brief address to the President in behalf of the club, and the

President will respond.

A committee of the Jacksonian club will be on hand at the Lee building, corner ington and Main streets, as early as 10 o'clock this morning to complete the de-livery of badges, hats and sticks to the members. Out of 1,200 hats purchased only about 300 remain, and those desiring them had better be on hand early or they will be disappointed.

RECEPTION AT THE GAYORO. The reception at the Gayoso hotel Fri-

day night is not a general reception, as stated in one of the morning papers, but a reception to which all the members of committees and their families are invited, as well as guests invited by the proprietors of the hotel. This invitation is given through the papers. The general reception will be held in the Cotton and Merchants' exchanges, as heretofore announced, on Saturday. Badges of the committeemen will be recognized at the entrance of the hotel without tickets. Those who have not badges will get tick-

A BLOODLESS RIOT.

A Rough and Tumble Fight Brings on

an Exciting Fusilade. Yesterday morning, about 10:30 o'clock, there was intense excitement near the corner of Georgia street and Kentucky avenue, and people in that part of the city for the time thought the war had broken out afresh. Two loud reports from a pistol, quickly followed by a fusilade from several shotguns and the running and screaming of men near by, was enough to justify the telephone message sent to police head-quarters that four men were killed and several more were lying around near the scene bleeding their lives away. Sergts. Hedrick, Horan, Justice Barry and several other officers hastily mounted horses and went at a breakneck speed through the streets to the scene. But when they got there they found that there had only been a bloodless battle. It seems that Patrick Griffin, who has a grading tract on the streets above named, had a difficulty with a driver of one of his street scrapers. The driver resisted, and was about getting the best of his boss when he pulled a pistol and fired two ineffectual shots at him. This incensed several other of the laborers, all of whom are colored, and they attacked Griffin, one of them firing a double-barreled shotgun at him but without effect. The officers arrested Griffin and later the negroes, who gave their names as Frank Shaw, Fred Davis and Henry Barr. All are charged with shooting with intent to kill.

Sheriff Cannon was seen by an APPEAL reporter and asked why the capias was attempted to be served in such haste, when it was known that Mr. Hadden had not recovered sufficiently to attend to the bond, and there was not the shadow of suspicion that he would attempt to escape. Mr. Cannon re-

Judge Dubose was interviewed by ar question, "Have you instructed the sheriff to have Mr Hadden brought into court, "The capias for Mr. Hadden on these last four indictments was issued when he was sick in Alabama this summer. I saw from this morning's APPRAL that Mr. Hadden was about as well and vigorous as ever, and as it was a simple duty with me, as judge of the court, to see that the capias was served and the bonds given, I instructed the sheriff to go out to Mr. Hadden's house, and, if he was well enough, have him come into court and give bond. If he was unable to come into court, then to have the bond given at his house, and, if he was too sick for either purpose, to let him alone until an-other day, as I had no fears of his running away. Deputy Sheriff Paer-son went out with the writ, and he reported to me when he came back that on his arrival at the residence he found two physicians with Mr. Hadden, and that he charred was informed that he was too sick to be disturbed; the deputy did not even make disturbed; the deputy did not even the known his business, but turned around and came back. The only purpose was to little heaps of bones, and this was corroborated by the statements of others, and discharge my legal duty in the premises so far as having the proper bond given in the four cases. Kansas City, Mo., Oct. 13.—The demonstration in Kansas City in honor of the President of the United States is a tumultuous and noisy proceeding, but is attended with no more disorder than seems to be inevitable wherever the President appears. The exposition haid called in a great number of strangers, but the advent of the President has hardly left standing room in the town.

"You must excuse appearances," said a lady to Mrs. Cleveland; "we have only just moved in and have not got settled yet." The expression was better understood as the visitors were excerted through the streets in carriages this morning. With many beautiful, even polatial, residences, and with signs of the enormous commerce which centers here observable, there were everywhere the evidences of immaturity. The party returned to the Coates house at the conclusion of the public reception for

dinner. There were twenty floats in line, and as there were twenty hours in the and as they passed under the brilliant arches of gas jets made a gorgeous scene. The march was delayed somewhat by minor accidents, but it was all over at 11 o'clock, and by midnight the large hall built for the Priests of Pallas ball was filled with a gay asseption. blage. Seven thousand invitations had been issued, and, although not nearly all were accepted, the hall was crowded with dancers, and the festivities continued until OFF FOR MEMPRIS.

Shortly before 10 o'clock the presidential party quietly proceeded to the carriages and were speedily driven to the station at Twentieth and Broadway, in order to avoid the crush at the Union depot. The train had been pulled out from the depot to the depot to the station, and by 11 o'clock the party were on their way to Memphis via the Kansas City, Fort Scott & Gulf and Kansas City, Springfield & Memphis railroads. A stop will probably be made at Springfield, Mo., when the train reaches there about 5 o'clock a. m. The President expressed the pleasure the visit to Kansas City had given him, and his regret that his engagements precluded a longer stay. The party left with all in good health and spirits, but quite fatigued with the day's excitement and sight-seeing.

Waco, Tex., Oct. 13.—An interesting ceremony took place in this city at 4 o'clock this evening, occasioned by the marriage of Matt C. Gallaway, jr., of Memphis, to Miss Mittie Lee Hunt, of Waco. The marriage was at the residence of the bride's mother, Mrs. Hunt. Only a few relatives and friends were invited, prominent among whom were Robt. II. Baker, a native of Memphis, but now a leading merchant and citizen of Waco. The ceremony was performed by the Rev. Dr. Horace Bishop. The bride was dressed in a handsome, elegant traveling dress, and looked charming-the picture of roseate health and beauty. After receiving the hearty congratulations of all present, the happy couple were driven to the depot and left for Memphis, where they will arrive on the Little Rock train Friday night. Matt C. Gallaway, ir., is the nephew of Col. M. C. Gallaway, late of the APPENL. He is conductor on the Mississippi & Tennessee railroad, and stands high in railroad circles. He is universally popular and possonal integrity unquestioned, he has a bright future before him. Miss Mittie Lee Hunt was born and reared in West Ten-Hunt was born and reared in West Ten-nessee, is the granddaughter of the late Rev. D. R. Damon, a Methodist preacher of prominence before the world. During her short residence, in Waco, Miss Mittie has made many friends and admirers. Indeed, she was much loved by all who knew her. Our good wishes will follow her in her new home,

YESTERDAY'S SESSION OF THE AMERICAN ASSOCIATION.

ble Addresses and Resolutions Dealing with National Pinances Logan C. Murray Elected President - The Other Officers.

Pittsburo, Pa., Oct. 13.-It was nearly 11 o'clock when the convention of the American bankers' association was called to order this morning by President Murray. There was a noticeable increase in attendance, a large number of delegates having arrived since the close of yester-

day's session. After the usual opening exercises the following resolutions were offered and referred to the executive council:

By Judge Ewing, of Pennsylvania: By Judge Ewing, of Pennsylvaniae

Besolved, That we haver a mpid extinguishment
of the public debt, and therefore recommend the
continued purchase by the Secretary of the Transary of the outstanding government bonds. We
consider a reduction of the revenues wholly unnecessary, inexpedient and number. Let the unplus be promptly and constantly applied to the
liquidation of the debt, and let the action of the
treasury in the work of buying the bends be further
regulated, systematized and controlled by additional legislation.

A resolution offered by Mr. Taylor, 61

A resolution offered by Mr. Taylor, of Boston, in support of the proposition made by Mr. Knox, recommending the passage of a bill for the refunding of four

per cents. into two and a half per cents, caused a spirited discussion—about the only one during the session. It was finally tabled. The executive council presented a re

lution favoring the Washington centennial, which was adopted.

The report on silver, which had been opposed early in the session and withdrawn, was again presented. The com-

mittee said:
"The American bankers' association has always taken the ground that both silver and gold are required as the money of the world, but that an internal agreement on the part of a majority of the chief com-mercial nations of the world can practically settle the question of the relative value of gold and silver when coined. Though several internal conerences have heretofore been held, no conclusion has as yet been reached. The report refers to the action taken by foreign report refers to the action taken by foreign powers and concludes with the recommendation that the coinage of silver dollars by the United States under the act of Congress of February, 1887, be suppended until the points at issue of the silver question be settled by international agreement." The report as presented was adopted and the convention adjourned finally. In the afternoon the delegates and other guests participated in a river excursion by which participated in a river excursion by which they had an opportunity of see-ing the Davis island dam, con-structed by the government, as well as all the immense manufacturing estab-lishments, including the Edgar Thomson works located on the banks of the river. Tomorrow an excursion by rail to other leading interests will be made, as well as to the natural gas fields within twenty-five miles of the city. Thus far the session has been one of the most enjoyable and interesting ever held by the association, and the visiting bankers are loud in their praises over the manner in which they have been entertained.

THE KNIGHTS OF LABOR.

Proceedings of the General Assemble The New York Sun Boycott. MINNEAPOLIS, Minn., Oct. 13.—The eral assembly of the Knights of Labor morning received a communication from district assembly 208, of England, asking that a man be selected from among the English knights to be vested with the necessary authority to act in case of dis-putes between employer and employer. The eight hour question in the cigar trade was brought up. The sentiment of convention was that as eight hours in rule of the international cigar man union, it would not be right for mem union, it would not be right for mem of the Knights of Labor employed in trade to work longer hours and give a b set to the good work in this direction ready accomplished.
